***Response to Amendment***

Applicants' amendment filed on October 24, 2003 and the Supplemental amendment of November 04, 2003 has been entered on November 19, 2003 .

Therefore claims 1-15 and 18-33 as recited in the amendment filed on November 04, 2003 are currently pending in the Application.

Claims 1-15 and 18-33 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims, which include the limitations added by the amendment of October 24, 2003 , namely wherein each of said liquid crystal domains includes : ( a) first liquid crystal molecules oriented substantially parallel to a normal of the first substrate thereby defining an axis, and ( b) second liquid crystal molecules existing around all lateral sides of said axis and radially inclined relative to the axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance
